NUTRITIONALLY RICH COLD-PRESSED JUICES
MADE WITH THE FRESHEST INGREDIENTS

MORE THAN JUST JUICE

COLD PRESSED JUICE

Our juices are never heat treated, no added preservatives, sugar, flavours or concentrates. Our bottles are BPA free and recyclable. Every juice has a 10 week chilled shelf life. Available in 250ml and 1L bottles and 5L bladders.

PLANT BASED DRINKING

We use a hydraulic press to slowly extract the juice from our 100% Australian fresh fruit & veggies. Our machine Mavis, slowly presses the produce, breaking down the cell walls to release all of the phytochemicals & nutrients inside, whilst producing minimal oxidation.

KEEPING IT LOCAL

Our aim is to keep it local where ever possible. We engage local wholesalers for our produce. We endeavor to support local farmers and work with them to build demand for local produce. Many conventional products are imported from overseas, affecting our local economy and leaving a carbon footprint.

The Fix Promise

We want to make you a promise. *Four in fact.*

1

We will give you all the Juice, just the Juice and nothing but the Juice.

2

We will squish, squeeze, bottle, pressure, label and deliver to the best of our ability.

3

We are shameless health promoters. Everything from the design of our juices, to how we create our spaces, to the individuals that stand behind our company and in front of our customers will embody our approach.

4

Happy is what we strive for and health is what we live by. We want you to be inspired by our brand, and let us share our philosophy with you; Think Well, Move Well, Drink Well.
